Greater Washington Partnership Congratulates President-Elect Biden and Vice-President Elect Harris

Washington, D.C – In light of major news outlets calling the presidential election in favor of Vice President Biden, the Greater Washington Partnership released the following statement in support of elected candidates:

The Greater Washington Partnership congratulates President-elect Biden on being elected the 46th President of the United States. We are also excited to congratulate Vice President-elect Harris on her historic position as the first woman, first Black woman, and first South Asian descendant to be elected to the second-highest office in the nation.

We extend our congratulations to the senators, representatives, and other state and local officials who were elected last week – especially those in the Capital Region whom we look forward to working with closely. Finally, we would like to congratulate all of the friends and associates of the Partnership who have been named to the Biden-Harris transition team.

“The Greater Washington Partnership is committed to creating solutions and fostering unity across the region,” said JB Holston, CEO of the Greater Washington Partnership. “As the voice of business for the Capital Region, we look forward to working alongside the new administration and helping to amplify and accelerate federal priorities that align with our neighborhoods’ critical initiatives, including Inclusive Recovery, Inclusive Growth, Regional Mobility, and Skills and Talent.”

“The Partnership was created as a collaborative exemplar for the country” said Russ Ramsey, co-founder and Chairman of the Greater Washington Partnership. “We are excited to get to work with the Biden-Harris administration, our federal delegation, and our local elected officials to accelerate solutions as we build the nation’s most inclusive economy.”
